

HELP MAKE A DIFFERENCE

WHAT?

There are over 10,000 parish councils representing around 16 million people across England. They form the most local level of government and cover many rural and urban areas. It is this tier that has the great advantage in making a real difference at community level.

WHO?

Democratically elected, local councils' responsibilities are to:

- represent the local community
- deliver services to meet local needs
- improve the quality of life and wellbeing in the local area

It is really important that local councils have a range of councillors each with differing skills, qualities and abilities. A well-crafted council is vital to the success of a community. You will be supported in your role and will be able to undertake training. You should have a positive outlook, a can-do attitude and be willing to work as part of a team.

HOW?

Any person over the age of 18 who is resident or works in the Wilbarston Parish can be a local councillor; your interest and enthusiasm is all that is required.

And, even if it is not for you, you can still play your part. If you know of any potential councillors, please pass on this information and encourage them to join.

If you would like to know more about joining the council, please contact any of the current councillors who are:
