## Volunteer Medical Car Service

The volunteer medical car service helps the elderly and disabled get to a range of medical appointments. This can be to the local **doctor, any hospital, optician, dentist** or other **medically connected appointment**.

If you are elderly, disabled, have mobility problems or find it difficult to use public transport you can join this service and take all the worry out of getting to your medical appointments.

To become a member please call the number below and request an information pack.

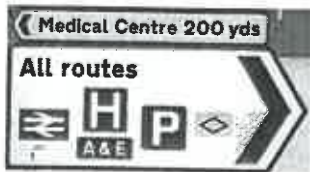

Volunteer drivers will use their own cars to take elderly and disabled members living in the Wellingborough and Kettering area to a range of medical appointments.

Booking a driver for your medical appointment is simple and can be made by phone to the office.

There is a small fee for membership paid either annually or every six months. Fares for each journey are paid directly to the volunteer driver to cover their out of pocket expenses.

Drivers collect members from home, wait whilst they are in their appointment and take them safely home again.
